**COUNCIL APPROVAL DATE: June 22, 2012**

**AFFECTED PORTIONS OF MUTCD: Section 2F.13, P4 and P5**

**SUMMARY/TOPIC: Toll Route Shield Standard Statement Modifications**

**DISCUSSION/QUESTION:** The 2009 MUTCD added standards requiring a Toll auxiliary sign be used above the toll road route shield and the auxiliary sign be black legend on a yellow background. Some states have existing FHWA approved toll route shields with the word toll embedded into the route shield. The proposal below will allow a state to embed toll into the route shield instead of requiring a separate auxiliary sign. Since Toll auxiliary sign will not be used, the color requirement should be an option for toll route shields with the word toll embedded into the route shield.

2F.13 (paragraph 4) – insert the words “or the toll route shield shall have the word TOLL embedded in the toll route shield.”

2F.13 (paragraph 5) – insert the words “unless the word TOLL is embedded in the toll route shield.”

**RECOMMENDED : Revise Section 2F.13.**
