22 **AFFECTED SECTIONS OF MUTCD:** Sections 2B.53, 9B.14

23
24 **SUMMARY:**

25 The Manual currently includes the R10-15 sign to alert motorists of the need to watch
26 for and yield to pedestrians when turning. The Bicycle Technical Committee is
27 proposing to add two additional versions of the existing R10-15 sign to provide a more
28 complete set of signs to notify turning vehicles to the possible presence of pedestrians
29 and/or bicycles when turning.

30
31 **DISCUSSION:**

32 It is expected that motorists watch for and yield to pedestrians and bicyclists as
33 appropriate when making turns. The 2009 MUTCD added the R10-15 sign for
34 pedestrians, yet there are no signs currently in the MUTCD for bicyclists or a
35 combination of these modes. As a result, there has been some proliferation of non-
36 standard signs. The BTC proposes to adapt the existing standard R10-15 sign with a
37 bicycle symbol to address this issue.
