ORIGIN OF REQUEST: Edit Committee
**AFFECTED SECTIONS
OF MUTCD:** 2M

DEVELOPMENT HISTORY:

- Approved by Technical Committee: 1/7/2016
- Approved by NCUTCD Council: 1/8/2016

This is a proposal for recommended changes to the MUTCD that have been developed by a technical committee of the NCUTCD. The NCUTCD is distributing it to its sponsoring organizations for review and comment. Sponsor comments will be considered in revising the proposal prior to NCUTCD Council consideration. This proposal does not represent a revision of the MUTCD and does not constitute official MUTCD standards, guidance, or options. If approved by the NCUTCD Council, the recommended changes will be submitted to FHWA for consideration for inclusion in a future MUTCD revision. The MUTCD can be revised only through the federal rulemaking process.

SUMMARY:

The proposed change, approved by Council, were part of the Edit Committee Ballot 15A.EC.01 which had gone to sponsors for SROPT. GMI Technical Committee reviewed the comments pertaining to the portion of this ballot GMI was responsible for and made changes based on the comments received. The language show in this ballot represents section 2M, GMI recommended no change, it was presented to Council and approved.

DISCUSSION

Incorporating language into each appropriate section of the MUTCD to include guidance for SROPT was taken as the direction instead of attempting to generate a completely new section for SROPT in the manual.
